# NEW ELEMENTARY SCHOOL

---

## PLAN UPDATES

# NEW ELEMENTARY SCHOOL

## Site Plan

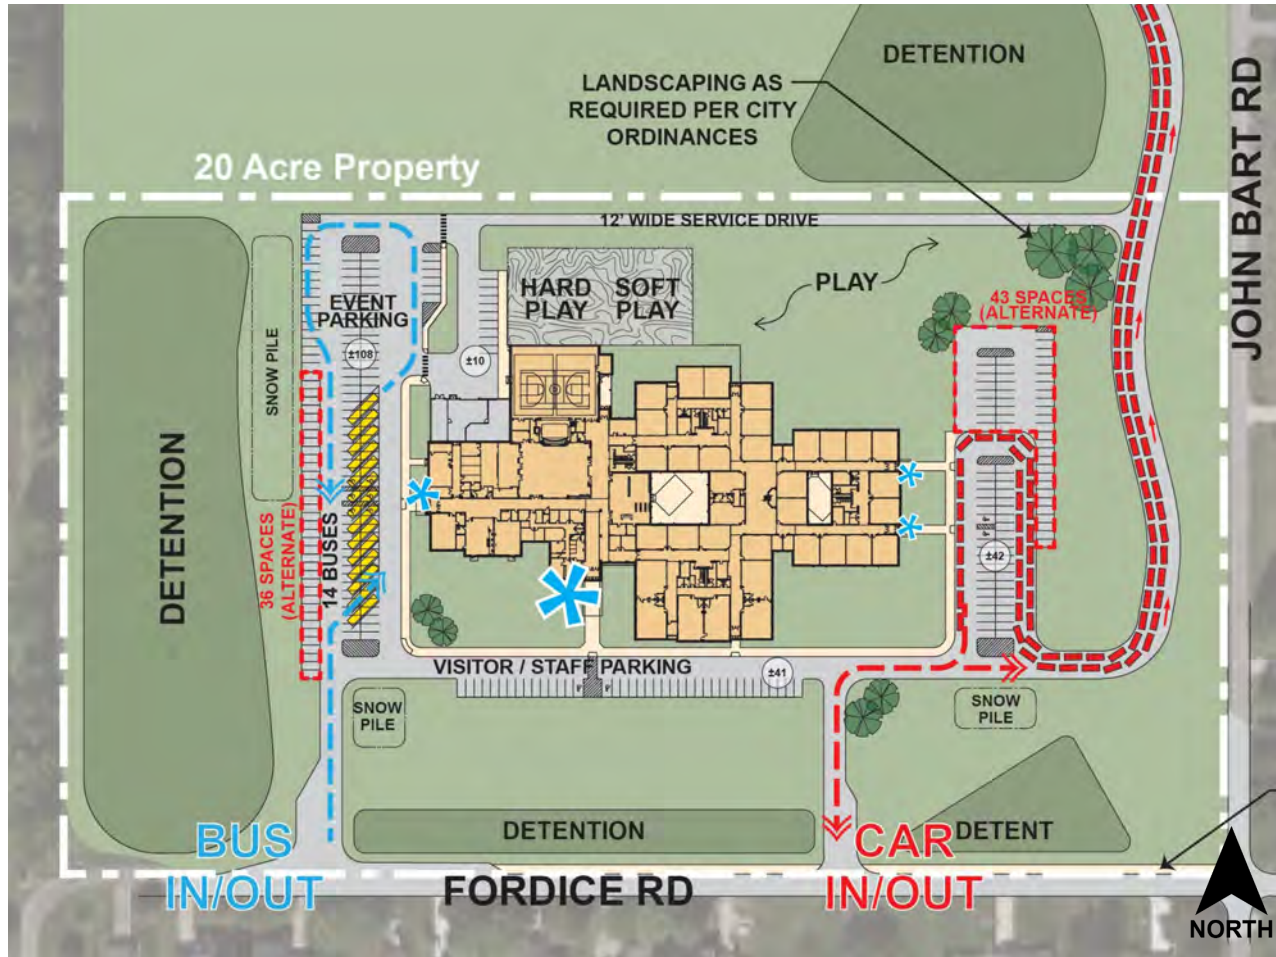

## Considerations

- ❖ Approximately 20 acres would remain available north of new elementary
  - ♦ Sufficient for another building for the District
- ❖ RELOCATE the John Bart Road Entry/Exit for new elementary to be at 150 North intersection with extension of Future Road
- ❖ Future Road important to new elementary operations while still a public road
- ❖ Traffic [control] through new school property from Fordice Road to Future Road

# NEW ELEMENTARY SCHOOL

## Site Plan

## Considerations

- ❖ Improved Traffic Patterns
- ❖ Parent Pickup / Drop-Off
- ❖ Parent Queue – ±134 Cars
- ❖ Separate Car and Bus Circulation
- ❖ New 14 Bus Parking Lot

## Considerations

- ❖ ±100,465 SF new elementary school
- ❖ Master Plan additional 1,900 SF
  - ♦ 2 Future Classrooms
- ❖ Program Summary: ±600 students
  - ♦ 5 KG Classrooms
  - ♦ 4 CR in each Grade Level (1-5)
  - ♦ 3 Flex Classrooms
  - ♦ 2 Resource SPED Classrooms
  - ♦ 2 SE Classrooms
  - ♦ Additional Small Group Instruction and Student Support Flex Spaces

# OUTCOMES OF EXTERIOR DESIGN

## Lebanon CSC Guiding Principles

### FUNCTION

Meeting the goals of safety/security, sunlight control, and indoor comfort while outwardly expressing wayfinding orientation for public main entrance and/or event entrances.

### CONTEXT

A school should be a “Good Neighbor” to the surroundings - pleasing appearance and ‘fit in’ when considering the other surrounding buildings as well as school community [Brand].

### VALUE

Balance ease of maintenance, sustainability, durability, and quality while maximizing the efficiency of expression with the budgeted resources.

### TIMELESS

A pleasing exterior appearance that will continue to be stately and elegant for future decades.

### SCHOOL IDENTITY

While the exterior aesthetic is important to adults, we want school children to be find comfort with the interior visual expression of their school – and appropriately exciting for students and parents.
